Axiom Technical Solutions is a Veteran Owned-Woman Owned company with Premier Netscout and Solarwinds partnerships. We provide professional IT services and solutions world-wide to both commercial and DoD/government communities. We are based out of Austin Texas with Engineers residing throughout the United States.

We are now hiring for the position of Field System Engineer in the state of South Carolina, at Shaw AFB. This is currently a 9-month engagement in the DoD community, with the potential to renew.

Your responsibilities will include on-site networking services for the US Air Force, to include installation, configuration, optimization, support and knowledge transfer.

We offer competitive salary, paid training, travel incentives, and paid vacation.

Qualifications:

- Minimum 3 years hands on network and service administration for medium to large business.
- Solid understanding of TCP/IP networking, including routing, switching and firewalls.
- Familiar with Cisco IOS.
- CCNA, CCNP and/or prior Netscout or Solarwinds experience is a plus but not required.
- Familiar with Microsoft Windows Server 2003 & 2008, MCSA is a plus.
- Understanding of SNMP, SNMP Traps and Syslog
- Knowledge of SQL administration and transact-SQL queries is a plus
- Previous trainer experience is a plus.
- **Active SECRET DoD clearance or higher is required.**
