Job Description:

Do you enjoy helping people learn new technology?

Axiom Technical Solutions is a premier Netscout partner based out of Austin Texas. We provide professional IT services and solutions world-wide and we want you!

We are now hiring for the position of Field System Engineer. This is a 6-month position in New York City, and once complete, other opportunities are available throughout the United States.

Your responsibilities will include on-site services for a Netscout client in the finance/banking industry, to include installation, configuration, optimization, support and knowledge transfer. We offer competitive salary, travel incentives, and paid vacation.

*1099 is an option for this position.

Qualifications:

- Minimum 2 years hands on network and service administration for medium to large business.
- Solid understanding of TCP/IP networking, including routing, switching and firewalls.
- Familiar with Cisco IOS. CCNA and/or Netscout experience is a plus.
- Familiar with Microsoft Windows Server 2003 & 2008, MCSA is a plus.
- Understanding of SNMP, SNMP Traps and Syslog
- Knowledge of SQL administration and transact-SQL queries is a plus
- Previous trainer experience is a plus.
- Previous experience working in a financial institute is a plus.

*Must be in the New York City commuting area or willing to relocate.
