Years of Experience: 3+years (Non-manager)

Job Description:

Axiom Technical Solutions is a premier Netscout partner based out of Austin Texas. We provide professional IT services and solutions world-wide and we want you!

We are now hiring multiple positions for: Field Systems Engineer in the state of Virginia and in the Washington DC commuting area.

Your responsibilities will include on-site services for a Netscout client in the healthcare industry, to include installation, configuration, optimization, support and knowledge transfer. We offer competitive salary, travel incentives, and paid vacation.

Qualifications:

- Minimum 3 years hands on network and service administration for medium to large business.
- Solid understanding of TCP/IP networking, including routing, switching and firewalls.
- Familiar with Cisco IOS.
- CCNA and/or Netscout experience is a plus but not required.
- Familiar with Microsoft Windows Server 2003 & 2008, MCSA is a plus.
- Understanding of SNMP, SNMP Traps and Syslog
- Knowledge of SQL administration and transact-SQL queries is a plus
- Previous trainer experience is a plus.
- **Security clearance of Secret or higher is required.**

*Must already live in the VA/WA DC commuting area or be willing to relocate.

To apply, please send your resume to julie@axiomtech.com
